Introducing Ourselves

We, at Advance Laminates, are highly equipped with the ultra modern machinery to change the notion of laminates' industries by creating new perception of high - pressure decorative laminates with compatible collection of Ever green Cool Colours, Solid Colours, Metals, Wood Grains and Unique finishes as per latest trends.

The mind behind Advance Laminates has wide experienced from the same field as well as other segment of industries like Diesel Engine, Cement Industries, Construction, Steel Forging Units, Hydraulic equipments & Agriculture equipments. Thus, we are a step ahead of the other.

Advance Laminates sprawling across 135000 sq. ft. around pristine surrounding of a little town called SHAPAR (VERAVAL) in the state of Gujarat, which is just 15 km away from Rajkot city (The capital city of Saurashtra region of Gujarat). Shapar was initially chosen by us as a plant location because of favorable climate to produce the best quality laminates. The entire process is carried out under single roof and dust free climate with the help of expert minds and well trained quality control engineers, supervisors & labors for extreme care to provide you unfailing, robust, environment friendly and lastingly beautiful products.

What's more, our global quality specifying to IS:2046-1995(Type HGS & VGS) and international standards ISO 9001:2000 Of our high - pressure decorative laminates had generated great demand world wide. We have also gained many customers in form of multinational companies and leading furniture manufacturers.

With this, we are proudly adding more feathers in our product range by introducing " **HOM MICA** pearly " laminates with 0.8mm Thickness (± 0.05mm) which will enable to design your furniture in an economic way with assured quality.
